}                             }                                       ~  ish@ishshah.me
                                                                      ~  ishshah31@gmail.com
                                                                 >  Mobile = (303) 802-7919
                                                             }
```

Education

Bachelor of Computer Science   Fall 2016-Spring 2019
University of Illinois at Urbana-Champaign

```
currentCoursework {                    completedCoursework {
    >  Data Structures                     >  Introduction to
    >  Computer Architecture                  Computer Science
    >  Virtual Reality                     >  Freshman Honors
}                                          >  Engineering Risk &
                                              Uncertainty
                                       }
```

Experience

Website and Data Manager   Fall 2016-Current
MakerGirl (Champaign, IL) {
```
    >  Warehouse and analyze Data in Excel
    >  Maintain and improve website codebase
    >  Maintain consistent branding across platforms
}
```
Marketing and Data Intern   Summer 2016
ZenMango (Centennial, CO) {
```
    >  Developed skills in accessing large Excel datasets
    >  Analyzed and compiled reports in Excel
    >  Created promotional events calendars
}
```

Projects

DrinkIQ {
```
    >  Developed system to suggest and recommend drinks based
       on aggregate user data
    >  Designed web interface to access and utilized above
       recommendation system
}
```
StockData {
```
    >  Worked with open-source Yahoo! Finance API's
    >  Used visualization tools and data to make long term
       stock recommendations
}
```

Campus Involvement

Illinois Business Consulting, *Student Consultant*
HackIllinois, *Volunteer*
ACM Reflections|Projections, *Conference Staff*
ACM Admin Committee
